

# 170 Center Console

A key to intelligent design is making the most of every inch of available space, and this Edgewater does it beautifully. Recognized as one of the largest and most functional boats in its class, the 170CC has more interior room for you, your friends and all your gear. With space for six and lots of storage it's perfect for taking the family on a beach picnic and clambake at sunset or out to the reef for a day of snorkeling and fishing. But if the wind kicks up, don't give it a worry. The variable deadrise V-hull and foam-filled PermaGrid® construction let you handle waves and bad weather confidently, knowing you are in a safe, strong and completely unsinkable Edgewater.

- 1. Spacious console features access door to massive storage area.
- 2. Bow casting deck with drink holders and anchor storage.
- 3. Comfortable aft quarter seats with storage beneath.

- 1. Drink Holders (2)

## INNOVATION. PERFORMANCE. RELIABILITY.

Compact and Lightweight, Yamaha Four-Strokes are designed and engineered from scratch to be marine outboards.

Four Stroke Fuel Economy is yours with the F225 — as you enjoy V6 power and performance.

The 24-Valve Double Overhead Cam design uses 4 valves per cylinder for maximum power, fuel efficiency and reliability.
